

Information on Article 33 of the REACH Regulation Concerning STIHL Products

Pursuant to Article 33 of Regulation (EU) No. 1907/2006 (REACH) companies placing a product on the market are subject to certain obligations to inform if a product contains one or more so-called substances of very high concern (SVHC) in a concentration of more than 0.1 percent by weight. Substances identified as being of very high concern have been included in the so-called candidate list by the European Chemicals Agency (ECHA).

We comply with this obligation to inform in relation to the following products:

Article Model	Sub-article Component/assembly	Substance	CAS no (Chemical Abstracts Service)
All containing parts made of steel, aluminium, or brass	Components made of steel, aluminium, or copper alloys	Lead	7439-92-1
